

FIGMA FILE STRUCTURE

Pages in Figma file

1. **Cover**
2. **Style Guide**
3. **Components**
4. **Desktop Designs**
5. **Mobile Designs**

1. **STYLE GUIDE PAGE**

Create this first so everything stays consistent.

Colours (create colour styles)

- Primary / Blue (CTA)
- Primary / Hover
- Background / White
- Background / Light Grey
- Text / Dark
- Text / Muted

Typography (text styles)

- H1 / 56px / Bold
- H2 / 40px / SemiBold
- H3 / 24px / Medium
- Body / 18px / Regular
- Small / 14px / Regular

Spacing system

Use an 8px grid:

- 8, 16, 24, 32, 48, 64, 80

Effects

- Card shadow (soft)
- Button hover shadow (very subtle)

2. COMPONENTS PAGE

Build reusable components (this makes you look pro).

Buttons

Primary Button

- Filled
- Radius: 8px
- Padding: 12px vertical / 20px horizontal

States:

- Default
- Hover
- Disabled

Secondary Button

- Outline style
- Same padding and radius

Cards

Standard Card

- White background
- Radius: 12px
- Padding: 24px
- Soft shadow

Pricing Card (variant)

- Normal
- Highlighted (Most Popular)

Testimonial Card

- Quote text
- Name
- Optional avatar

Tutor Card

- Image
- Name
- Language
- Description

Navbar Component

- Logo placeholder
- Menu items
- CTA button

3. DESKTOP FRAME SETUP

Frame size:

1440px width

Layout grid:

- 12 columns
- Margin: 120px
- Gutter: 24px

4. DESKTOP WIREFRAME (SECTION BY SECTION)

SECTION 1: HEADER

Height: 80px

Auto layout:

- Horizontal
- Space between

Left: Logo

Right: Nav + CTA

SECTION 2: HERO

Height: ~700–800px

Layout:

2 columns (Auto Layout horizontal)

LEFT FRAME

Vertical stack:

- H1
- Subtext
- Button group
- Trust row

Spacing: 24px

RIGHT FRAME

- Image (rounded corners 16px)
- Floating review card (absolute positioned)

SECTION 3: TRUST STRIP

Height: 80–100px

Horizontal layout:

- 4 evenly spaced items

Background: light grey

SECTION 4: HOW IT WORKS

Title centered

Below:

3 cards in row

Use Auto Layout:

- Horizontal
- Gap: 24px

SECTION 5: WHY CHOOSE US

2-column layout

Left: Image

Right: Vertical list of benefits

Each benefit:

- Icon + text (Auto Layout horizontal)

SECTION 6: TUTORS

Grid:

- 3 or 4 columns

Each card:

- Image top
- Text below

SECTION 7: TESTIMONIALS

Option A:

- 3 cards in row

Option B:

- Carousel style (designer choice)

SECTION 8: PRICING

3 cards in row

Middle card:

- Slightly larger (scale 1.05)
- Highlight border or background

SECTION 9: BOOKING

Centered layout:

- Title
- Subtext
- Large placeholder box (for booking widget)

Width: ~800–1000px

SECTION 10: FAQ

Accordion list

Each item:

- Question row
- Expandable answer

SECTION 11: FINAL CTA

Centered block

- Large heading
- Short text
- Button

Background: soft gradient or brand colour

SECTION 12: FOOTER

3–4 columns:

- Logo + short text
- Links
- Contact
- Social icons

5. MOBILE DESIGN (IMPORTANT)

Frame size:

375px width

Layout rules:

- Stack everything vertically
- Reduce padding to 24–32px
- Buttons full width
- Font sizes scaled down

Key adjustments:

Hero

- Image moves below text

Cards

- 1 per row

Pricing

- Stack vertically

Booking

- Full width, easy tap

6. DESIGNER INSTRUCTIONS

- Use Auto Layout everywhere
- Use components for repeat elements
- Maintain consistent spacing scale
- Prioritise readability over decoration
- Keep visual hierarchy clear
- Ensure CTA visibility across page
- Avoid clutter, keep it breathable
